**TIGRIS™ DEFOAMER**

**Antifoaming and Defoaming Agent**

**PRINCIPAL FUNCTIONING AGENTS:**
- Dimethylpolysiloxane, polypropylene glycol and silicon dioxide .......................................................... 15%
- CONSTITUENTS INEFFECTIVE AS SPRAY ADJUVANT .......................................................... 85%
- **TOTAL** .................................................................................................................. 100%

All ingredients in this product are exempt from the requirements of a tolerance as specified under under Title 40, Code of Federal Regulations 180.

**DIRECTIONS FOR USE**

Use rates will vary depending on temperature, water hardness, viscosity, agitation and composition of the spray mixture. Generally, use one to two shakes per 100 gallons spray solution. If mixing product known to foam, TIGRIS Defoamer should be added to the tank mix first. If foam develops while mixing, add enough TIGRIS Defoamer to eliminate the foam problem.

Prior to use, read and follow all directions on this label and on the label of the pesticide being used. The pesticide manufacturer's label for specific usages and restrictions have precedence over DIRECTIONS FOR USE referred to on this label.

**STORAGE AND DISPOSAL INFORMATION**

**STORAGE:** Store product in original container only, away from other pesticides, fertilizers, food or feed. Keep this container closed when not in use and take care to prevent any water from being introduced to the contents.

**DISPOSAL:** Do not contaminate water, food, or feed by storage or disposal. Triple rinse container and pour rinseate into spray tank. Do not reuse container. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org. Dispose of contents/container in accordance with local/national regulations.

**NOTICE OF WARRANTY**

Seller warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of the Seller. IN NO CASE SHALL SELLER BE LIABLE FOR CONSEQUENTIAL, SPECIAL OR INDIRECT DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT. ALL SUCH RISKS SHALL BE ASSUMED BY THE BUYER. SELLER MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

**GENERAL INFORMATION**

**TIGRIS Defoamer** is a concentrated powdered antifoam that contains 15% active silicone for the prevention of foam in fertilizer and pesticide spray applications. **TIGRIS Defoamer** reduces pesticide spillage and mix tank fill time by effectively preventing foam formation. The dry formulation eliminates storage and stability problems, in addition to reducing container disposal and ensuring foam free pesticide applications. **TIGRIS Defoamer** can be introduced through induction systems or through the mix tank lid opening. **TIGRIS Defoamer** will not interact with any of the chemicals to which it is applied.

**ENVIRONMENTAL HAZARDS:** Do not contaminate water when cleaning equipment or disposing of equipment wash waters. NOT FOR AQUATIC USE IN CALIFORNIA OR WASHINGTON STATE.

**KEEP OUT OF REACH OF CHILDREN**

**WARNING**

Causes eye irritation and mild skin irritation.

**PRECAUTIONARY STATEMENTS**

Wash hands, face, and other affected areas thoroughly after handling. Avoid breathing dust.

**FIRST AID**

**IF IN EYES:** Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing. If irritation persists, seek medical attention.

**IF ON SKIN:** Call a POISON CENTER or doctor immediately for treatment advice if you feel unwell. Wash with plenty of water. If skin irritation occurs: Get medical advice.

**IF ON CLOTHING:** Take off contaminated clothing and wash it before reuse.
